DocuSign

SEND, SIGN AND SUCCEED WITH THE
WORLD'S #1 ELECTRONIC SIGNATURE SOLUTION.

82%
of agreements are completed in less than a day & 50% in less than 15 minutes.
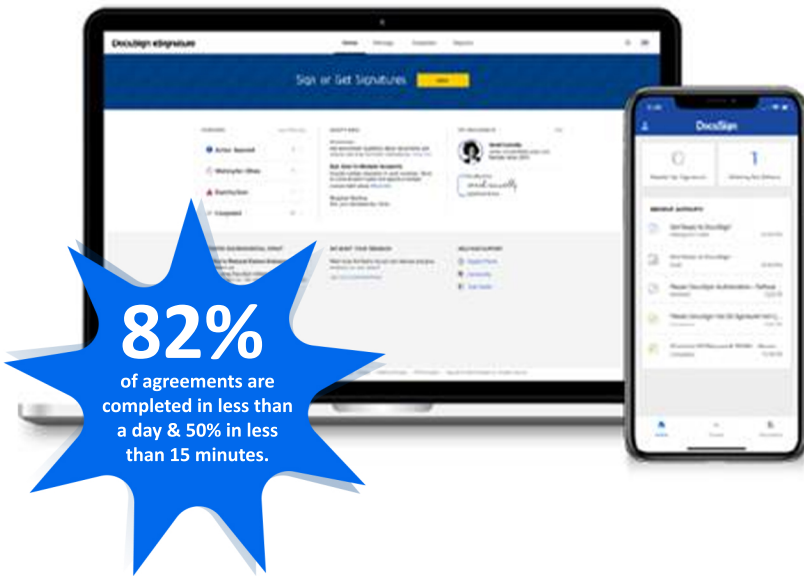

BUSINESS INTEGRATIONS:

Integrate and connect with systems you already use such as Salesforce, SAP, Microsoft, Google and more. Award winning APIs let you further customise the signing experience, monitor signing events as the happen and integrate into your own web apps.

ACCELERATE AGREEMENTS:

By eliminating paper and manual steps, signature processes that used to take days can be completed much quicker.

LEGAL VALIDITY:

Docusign is legally enforceable for most business transactions around the world.

AUTOMATED SIGNATURE WORKFLOWS

Route documents to multiple signers in serial, parallelor mixed sequencing. Define data fields to capture information during the signature step. You can even let your signer generate an agreement on demand from a template you provide

VERIFIED IDENTITIES AND SIGNATURES:

Choose from a range of signer identification and authentication options with DocuSign Identify, including email, SMS, phone or a question only the signer would know. DocuSign ID Verification allows you to verify personal identification documents like passports and other government -issued IDs online, via remote video or in-person.
